# ABOUT US

**Electricool Tanzania Limited**, established in 2014, is a local company dedicated to serving as a specialized electrical contractor. The company holds registration with the Contractors Registration Board in the following categories:

- Electrical – Class FOUR
- Specialist Electrical: Telecom, ICT, and security systems Installations – Class THREE
- Specialist Electrical: Renewable Energy - Solar Systems Installations - CLASS TWO

Licensed by the Energy and Water Utilities Regulatory Authority (EWURA), **Electricool Tanzania Limited** is authorized to conduct electrical installation works within Tanzania. Moreover, the company holds corporate membership with the Tanzania Renewable Energy Association (TAREA).

**Electricool Tanzania Limited** provides a comprehensive range of electrical installation materials, including various AC and DC cables, LV and HT switchgears, and installation accessories. Additionally, the company is an approved reseller/distributor of ABB products within the LV category.

Benefiting from a skilled team of engineers and technicians, Electricool Tanzania Limited is well-equipped to execute installations in electrical, Telecom, and Solar systems proficiently. Operating with a commitment to integrity, the company strictly adheres to all industry-standard Health, Environmental, and Safety guidelines.

Professionally managed, **Electricool Tanzania Limited** undergoes annual audits, making its financial accounts available for public scrutiny. The company has demonstrated revenue growth over the past two years, as evidenced by its financial records, which can be provided upon request.

# PREQUALIFICATION STATUS

**Electricool Tanzania Limited** has met the rigorous standards set forth by various government and private entities, ensuring that they are well-equipped to handle a wide range of supply and service works. With their prequalification, Electricool is recognized for their expertise and reliability in delivering top-notch solutions to meet the needs of their clients.

- **Government Procurement Services Agency-GPSA (Since 2017)**
- **Tanzania Electricity Supply Company-TANESCO (since 2018)**
- **Viettel Tanzania Limited -Halotel (Since 2016)**
- **Minara Tanzania Limited-MTL (since 2022)**
- **SagemCom Tanzania Limited**
- **NEST**

# OUR STRATEGY

## 4.1 Vision Statement

To be the partner of choice in Constructions, Power, Telecommunications, and Renewable energy within Tanzania and Africa.

## 4.2 Mission

Partnering with the world's greatest innovators, investing in our people and technology, understanding the dynamic needs of our customers, giving as per the requirement while maintaining national and international standards of quality.

## 4.3 Values

Integrity, Initiative, Excellence, Engagement, Safety, Respect, Responsiveness, Creativity, Teamwork

Our strategy revolves around a vision, mission, and core values that define Electricool's commitment to excellence and innovation.

# OUR BUSINESS

## 5.1 SUPPLY OF ELECTRICAL MATERIALS AND CONSTRUCTION MATERIALS

Electricool Tanzania Limited is your premier source for top-notch electrical and construction materials, dedicated to bridging the gap between quality supplies and consumer needs.

### ☑ **Electrical Materials:**

Our extensive range includes all types of AC and DC cables, LV and HT switchgears, and installation accessories. We pride ourselves on providing materials that meet the highest industry standards, ensuring the reliability and safety of your electrical installations.

### ☑ **Construction Materials:**

In addition to electrical components, Electricool offers a comprehensive selection of construction materials. Our experienced staff understands the critical importance of quality in construction. From foundation to finishing, we supply materials that adhere to the strictest standards, supporting the success of your projects.

## 5.2 CONTRACTORS-ELECTRICAL

At Electricool Tanzania Limited, we take pride in our seasoned team of engineers and technicians, ready to tackle every aspect of electrical installation, from generation to distribution. With over 10 years of collective experience, our professionals are dedicated to meeting required standards and exceeding customer expectations. Our Expertise:

- **Comprehensive Services:** Our skilled team offers end-to-end electrical installation services, ensuring a seamless process from project initiation to completion.
- **Authorized and Prequalified:** Electricool is authorized and prequalified by TANESCO, a testament to our capability to undertake construction and maintenance projects up to Medium Voltage (MV) for transmission lines and substations.

### Key Highlights:

1. Experience: Our engineers bring a wealth of experience, ensuring the highest level of competency in all electrical projects.
2. Standards Compliance: Committed to adhering to industry standards, we guarantee the delivery of services that meet or exceed regulatory requirements.
3. TANESCO Approval: Being authorized and prequalified by TANESCO reflects our commitment to excellence in the construction and maintenance of electrical infrastructure.

## 5.3 CONTRACTOR: TELECOMMUNICATION, ICT, AND SECURITY SYSTEMS INSTALLATIONS

Registered as a specialist contractor, Electricool brings expertise to telecommunication infrastructure, ICT, and security systems installations. Our dedicated team ensures industry-standard services, catering to the evolving needs of modern communication and security requirements.

For details on our previous and ongoing projects, please refer to the attached tables.

## 5.4 CONTRACTOR: RENEWABLE ENERGY – SOLAR POWER INSTALLATIONS AND SUPPLY

As a registered corporate member of the Tanzania Renewable Energy Association, Electricool specializes in solar power system installations. From design to maintenance, we provide comprehensive solutions for domestic and commercial solar applications.

- UCSAF
- MIC Tanzania Limited
- Viettel Tanzania Limited
- Vodacom PLC

For insights into our solar projects, refer to the attached tables.

# COMPANY EXPERIENCE

**Electricool Tanzania Limited** has a rich history of nearly 10 years in the industry, during which we have amassed a wealth of experience and expertise. Our portfolio includes successful undertakings of various projects for the Government and Multinational companies, showcasing our versatility and capability to deliver high-quality results across different sectors. We have also secured Framework contracts in multiple government projects and collaborations with Private Multinational organizations, further solidifying our position as a trusted and reliable partner in the industry.

Our track record speaks for itself, with numerous completed and ongoing projects that exemplify our commitment to excellence and customer satisfaction. We take pride in our ability to deliver on our promises and exceed expectations, ensuring that every project we undertake is executed with precision and professionalism. Our dedication to quality, safety, and innovation sets us apart as a leading player in the industry, and we look forward to continuing our legacy of success in the years to come.

**Below are some of our completed and On going projects:**
